

Recirculating Turf Vacs

TV40

ENGINE DRIVEN

REMOTE HOSE

The TV40 features an optional 8" x 16' remote hose attachment for maintaining detailed landscaping.

Recirculating Turf Vac

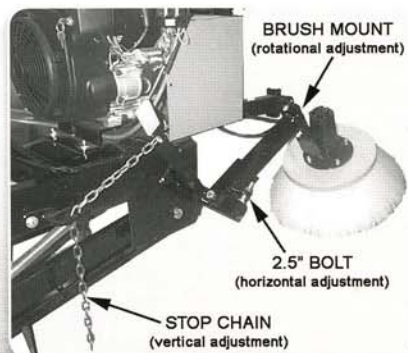

The only turf sweeper with the patented Recirculating Air System that minimizes dust and noise while dramatically improving pick-up performance.

4 CU. YD. HOPPER

4 cu. yd. hopper dumps from operator's seat.

The edge brush's interlocked nylon bristles offer you the ability to clean against fences and curbs without leaving debris behind to be picked up by hand.

*Available for both TV60 and TV40 models.
